Livelihood impact: *Construction Of Fisheries Pond At Land Mojibor Rahaman At Joghhar.* As the pond is surrounded by agricultural field so the rainwater is used for irrigation purpose. Plantation has been done in the fringe of pond. Fishery is the profitable business for the land owners, this is happened by converging the fishery dept. Approx. 45 female members were involved in this work. Among them some are doing vegetable cultivation in the bank of this pond. Most importantly executing of this scheme helped the household to enhance their livelihood.

Livelihood impact: Construction of Kachujore Rural Hat at Kachujore. There was a demand for a complete Rural Hut, for buying & selling cultivated vegetables, crops, necessary commodities at local areas. Bhurkuna Gram Panchayat took initiative to fulfill their demand in the financial Year 2020-2021. Now, the people of Bhurkuna Gram Panchayat and neighbors Gram Panchayats use this Hat two days in a Week.
